

WÆVEN

AFRO HOUSE × MELODIC TECHNO · B2B DUO · BERN, SWITZERLAND

BIO

From the heart of Bern, Switzerland, WÆVEN is the DJ and producer duo of Ritaro and Gribi. Their sound sits between Afro House and Melodic Techno: deep, bass-heavy grooves shaped by dark, cinematic energy, built for peak-time dancefloors and immersive listening alike.

In spring 2026 they played Jump The Beat in the Pända Snowpark above Mürren, a b2b set that became their first mix, and LUMIC's first edition at Bern's Bierhübeli. The releases kept the same pace: "Cold Hands" with LAV x MKEY (60,000+ streams), "Don't Stop Moving" on QulaqAs, the singles "All I Want" and "Light It Up", and "Daybreak", their label debut on Protea.

Their sets move beyond genre boundaries. Their own productions and edits run b2b into one continuous signal. Their music has been supported by Arodes, Alex Wann, Moeaike, Maximeraki, CrisologoMusic and Themba.
